

COMPANY OVERVIEW

**Earthworks contracting | Heavy Machinery rental | Land Transport
Power rental/sales | Cooling rental solutions/sales
Oil field equipment & Protective coating | Forklift rental**

AL SHOLA GROUP

Established in 1976, Al Shola has been a cornerstone of GCC infrastructure development, providing heavy equipment rental, power rental, and temporary HVAC solutions to the construction, oil & gas, EPC (Engineering, Procurement, and Construction) and government sectors.

Our extensive fleet comprises over 1,500 equipment. With a dedicated team of 450+ professionals, we ensure on-time delivery and efficient project support.

Our three strategically located workshops across the UAE ensure rapid response and minimize downtime. We've established strong partnerships with leading Original Equipment Manufacturers (OEMs), guaranteeing access to genuine parts and expert technical support.

Our operating locations:

Head Office: Dubai, UAE

Branch Offices: Fujairah, Abu Dhabi, KSA, OMAN

Workshop facilities: Across UAE, KSA, OMAN

WHAT WE OFFER

Earthmoving
Contracting

Heavy
Machinery
Rental

The Group Consists of the following companies:

- Al Shola Transport Co. LLC, Dubai
- AST Middle East Logistics LLC, Dubai
- Al Shola Transport & Contracting LLC, Fujairah
- Emirates Forklifts Rental LLC, Sharjah
- Al Shola Equipment Rental Co., KSA
- Al Shola Transport & Contracting Co., Oman
- Emcon Equipment Rental LLC, Abu Dhabi

Our vision

To significantly expand our presence and become a key player in the Middle East's Transportation, Contracting, Plant Hire, Power rental/sales, Cooling rental and Oilfield Equipment industry.

Our mission

Delivering quality products and services that fully address customer requirements, executed in a safe and environmentally sound manner.

Our values

- ▶ We prioritize reliability, operate with integrity, and foster a strong team environment.
- ▶ Commitment to a quality fleet for dependable service.
- ▶ We value and empower our employees.
- ▶ Our operations are driven by systematic and efficient processes.

SERVICES

POWER RENTAL/SALES

We offer complete low and medium voltage power solutions. Our fleet includes all supporting equipment for temporary power like transformers, RMU, MV switchgears, LV panels, load banks, load cables, fuel tanks etc. Our advanced remote monitoring system ensures optimal DG operation and fuel efficiency through real-time analysis and reporting. **We have BESS ratings from 100KWH to 500KWH with air cooling & liquid cooling.**

Diesel Generators

Diesel Generators from 30 kVA to 1500 kVA, for both 50 Hz & 60 Hz.

Power Cables

Power cables with conductor sizes ranging from 10mm² to 240mm²

Transformers

Power transformers with a capacity ranging from 1.5 MVA up to 6.3 MVA, suitable for voltages up to 33kV

Bunded Fuel Tanks

Fuel tanks with capacities ranging from 1000 liters to 20,000 liters

Load Banks – Resistive & Inductive

Load banks with a capacity ranging from 400 kW to 1200 kW

Portable Air Compressors

Available with a capacity ranging from 250 to 800 CFM and a maximum pressure of 10 Bar.

L.V. Panels

Low Voltage (LV) panels with current ratings spanning from 200A to 10,000A

Solar/Diesel Tower Lights

Works well at temp. from -20°C to +50°C and can operate reliably at high altitudes without derating.

COOLING RENTAL SOLUTIONS

Al Shola has partnered with Daikin, the world leader in air conditioning, to offer premium cooling rental solutions. This brings our customers a reliable and energy-efficient wide range of air conditioning options. This collaboration allows Al Shola to provide Daikin's advanced cooling systems for short-term and long-term rental needs, ensuring exceptional comfort and performance.

Customers can now access top-tier cooling equipment with flexible leasing terms, backed by the expertise of Daikin and Al Shola, whether for commercial, industrial, process cooling, wild air or event areas. This partnership guarantees reliable service and cutting-edge air conditioning solutions for diverse applications.

We have a variety of brand new cooling equipment for temperature control. Our specialized high-ambient air-cooled screw chillers are designed to operate in temperatures up to 55°C, making them ideal for the challenging GCC climate. These units boast impressive energy efficiency, with SEER ratings up to 6 and EER ratings up to 3.3.

Wide range of unit capacity

❄️ 5 TR cooling equipment 400 TR

Packaged Air Conditioners

Beat the Heat with Reliable Packaged AC Unit Rentals.
Range: 10 TR to 30TR

Air-Cooled Chillers

We have the wide range of units available from **50 TR to 400 TR**

Portable Air Conditioners

Quick and easy installation with flexible hoses.
Range: 3TR to 8TR

Air-Handling Units

Efficient & Quiet AHU equipped with EC fans available for Commercial, Residential, and Industrial Needs.
Range: 100 TR to 250 TR

Container Refrigerant Units

Generator-Compatible Refrigerated Trailers available in 20 ft. to 40 ft. Temp. range: +4°C to -40°C

EARTHMOVING CONTRACTING

We specialize in complete suite of contracting services designed to prepare your site for construction. Our service includes:

- Bulk Excavation and Cart away
- Bulk Area Grading & Levelling works
- Bulk Backfilling works
- Pile cutting

HEAVY EQUIPMENT RENTAL

We offer a comprehensive fleet of equipment to support diverse construction and infrastructure projects. We provide:

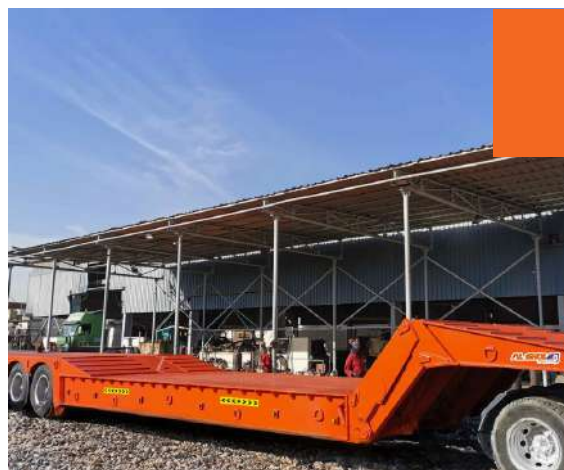

- ▶ Excavators - 20 to 80 Tons (includes Standard Boom & Long Boom Excavators)
- ▶ Backhoes - JCB 3CX / CASE
- ▶ Articulated Dumpers
- ▶ Bulldozers - CAT D8 / KOMATSU D155 & D275
- ▶ Motor Graders - CAT 14 H/L
- ▶ Wheel Loaders - CAT 950, 966 & 980
- ▶ Hydraulic Cranes - 25T, 50T & 60T, TADANO
- ▶ Tele Handlers - MANITOU / CAT/JCB
- ▶ Single Drum Rollers - 10 to 12 Tons, CAT/CASE/DYNAPAC
- ▶ Skid Loaders - BOBCAT / CASE

LAND TRANSPORT

Our fleet of heavy-duty vehicles is equipped to handle a diverse range of transportation and logistical needs. We offer:

- ▶ Tipper Trucks - 20 to 24 m³
- ▶ Tipper Trailers - 35 to 48 m³
- ▶ Flat Bed Trailers - 25 Tons to 50 Tons
- ▶ Low Bed Trailers - 30 Tons to 100 Tons
- ▶ HIAB Grab Crane Trailers - 3 Tons to 10 Tons
- ▶ Water Bowsers (Salt | Sweet) - 5000 Gallons

MATERIAL HANDLING

Our material handling division offers a comprehensive range of equipment to optimize your warehouse and site operations, ensuring efficient and safe movement of goods. We provide:

- ▶ Diesel Forklifts - 2.5 Tons to 25 Tons
- ▶ Reach Stackers - 14 Tons to 130 Tons
- ▶ Electric Forklifts - 1.5 Tons to 5 Tons
- ▶ Electric Reach Trucks - 1.4 Ton, 1.6 Ton, 2.0 Ton
- ▶ Mobile Elevating Work Platforms (MEWPs)

OILFIELD EQUIPMENT RENTAL & PROTECTIVE COATING

Al Shola provides a comprehensive range of industrial equipment to support diverse operational needs. Our inventory includes:

- ▶ Storage Tanks (500 BBL, 5000 USG)
- ▶ Pumps (Transfer Pumps, Coated and Normal)
- ▶ Portable Caravans
- ▶ Carboy Acid Tanks
- ▶ Offshore Baskets
- ▶ Sound Proofing Canopy Packages & Lifting Frames
- ▶ Diesel Engine Driven Transfer Pumps

We are one of the approved / certified Lining company in the UAE from Derakane Manufacture of INOES - Germany

The Al Shola advantages

Large fleet of equipment:

We offer energy-efficient generators (30-1500 kVA) from top brands like Cummins, Perkins, Volvo, etc. Our partnership with Daikin provides premium cooling rental solutions, including high-ambient chillers (SEER up to 6, EER up to 3.3). Additionally, we provide a full spectrum of heavy machinery, land transport and earthmoving contracting services.

Synchronising & load sharing system:

We can synchronize multiple DG sets to meet your kVA needs or to economise the system for its fuel consumption while functioning on varying load demand. We use the most reliable ComAp brand synchronizing & load management system to get the best performance

24x7 service support:

We have a highly experienced team of engineers and technicians with extensive knowledge of electrical systems and diesel engines, capable of handling any electrical or mechanical issues. Our power and cooling rental products are backed by 24/7 service, ensuring support is available at all times. We are committed to meeting industry-standard response times for all breakdowns, ensuring your operations continue without interruption

Web Supervisor Virtualization (WSV) Features:

- ▶ Remote Monitoring & Management : View the real-time status of equipment, including all working parameters.
- ▶ Alarm & Event Notifications
- ▶ Fuel Monitoring & Optimization
- ▶ Fleet Management & GPS Tracking
- ▶ Data Logging & Performance Analytics

QHSE POLICY

Long-term business success depends on our ability to continually improve the quality and value of our services, thereby enhancing customer satisfaction while protecting people and the environment.

Ensure safe work environment

Promoting employee well-being
